

Local Team Has Bad Day; Lose To Colfax Nine

Mountaineers Slip After Taking 9 to 1 Lead In Second

COLFAX.—The Fireballs spotted the Truckee-Tahoe Mountaineers to a 9 to 1 lead at the end of the first half of the second inning and then went on to take the game out of the fire by scoring nine runs in their half of the second frame and six more in the third inning. It took exactly one hour to play the first two innings in which a total of 19 runs were scored. Colfax won the game by the score of 20 to 9.

The travelers scored five runs in the first and four in the second driving Bill Emery from the mound. Frank Nevarez took over for Colfax and held the Truckee club scoreless for the rest of the contest. The Fireballs hit three Truckee twirlers for a total of 18 hits. Truckee pitchers walked 10 batters.

The score: R H E
Truckee 9 14 2
Colfax 20 18 3
Batteries: Kielhofer, Crockett, Giovannoni, and Korich, Dugan; Emery, Nevarez and Bravo.

Second Sacker Faigh and Bill Connors paced the local hitters, each getting three for four trips. Giovannoni collected two for five, Larry Baxter 2 for 4 and Eddie Ulshemer two for six.

The locals travel next Sunday to Placerville to play the second place Bartletts.

ROTARY SPARKS PROJECT ON OLD EMIGRANT TRAIL

Monday night the Truckee Rotary Club had as guest speaker Assemblyman Francis C. Lindsay who spoke on the Emigrant Trail from Donner Monument to Chicago Park. The trail is a \$246,025 project.

The division of beaches and parks have shown a willingness to make the trail a part of the state park system as a horseback riding and hiking trail, Lindsay said.

Because this project is so vital to this area, the Rotary Club has asked other service clubs of Truckee to make this a project in securing rights of way. The Lions have appointed Cecil Edmunds; the 20-30 Club, R. G. Leamon; Soda Springs Community Club, James Sherritt, and the Rotary Club, Clarence Tolleson. This week, through the efforts of Frances Couillard, the Colfax Lions appointed R. B. Karns and C. L. Davidson to serve on this committee.

Lindsay stated that he and the division of beaches and parks would be ready to call the first meeting of this committee later in June. Senator Harold Johnson of Roseville handled the bill in the senate and is one of the supporters of the plan.

According to sponsors, the project should mean as much to this area in the summer, with an estimated 30,000 horsemen of northern California scouting for new trails, as skiing does in the winter.

The Rotary Club had as guests Wayne Brown, Grass Valley; Edwin Goodland, Oakland; Walter Putnam, Tracy; Carl Leune, Galeta; John Kirby, Colfax; Francis Johnson, Lake Forest.

Saturday night, June 3, Truckee Rotarians are celebrating Charter Night with a dinner dance at Cal-Neva Lodge, Lake Tahoe.

There will also be three big events on Sunday, June 18, sponsored by The Pines, Cal-Neva and the Calcutta Handicap which are expected to attract a large number of the four-class shooters.

Invitations are being extended to everyone to attend and enjoy the program and \$1350 has been added to the shooters purse, with trophies going to the four classes.

Two thousand 32-page programs advertising the affair are being circulated widely and reservations to participate may be made with Tom Sutton at the Buckhorn, Bert Cochran at the Pines or John Rayburn at Ta-Neva-Ho. The officers of the club beside Brooks are John Rayburn, vice, president; Richard Lavery, secretary; Leroy Porath, treasurer; Andy Sorensen, field captain, and Joe King, Tom Sutton, Sam Faulkner, H. ACTION TABLED, SURVEY STARTS ON AIR FIELD

Pending further study of costs of operation and maintenance, directors of the Truckee Public Utility District at their meeting Tuesday delayed a decision on the possibility of taking over the Civil Aeronautics Administration's intermediate field north east of Truckee.

A chamber of commerce committee is determining the required action, costs and other details and a discussion of the matter will feature tonight's meeting of the chamber. Facts will be presented to the utility board for action.

The field is being abandoned by the CAA on or about July 1, according to word received by Supervisor H. G. Loehr and a proposal was made by A. H. Hadfield, chief of the facilities division of the CAA that the town take the facilities over and operate the port as a local enterprise for public convenience.

Board Cuts Cost Of High School; Start Work Soon

Non - Essentials Lopped To Effect Saving Of \$50,000

Following their meeting last Friday, during which they trimmed more than \$50,000 off the cost of the new Tahoe Truckee Unified District's high school building, trustees of the district will meet tonight to sign a contract with Mervin L. Gardner of Reno, successful low bidder for the project.

The plans were altered to bring the total cost down to \$702,362. The original bid was for \$753,000.

W. A. Loynd, president of the governing board, said the trustees at their meeting at Tahoe City Friday eliminated a number of items which were alternates on the original plans. They trimmed the graphic arts department, took out the platform around one end of the gymnasium, eliminated inside bleachers, radio and sound equipment, lockers and other incidentals.

They did include, however, the garage and shop at a cost of \$27,121, the MoSai finish for the exterior costing \$7,940, which eliminates the need for painting or other surfacing in the future, and the shop, which costs \$35,908.

Loynd said none of the essentials were excluded and that when complete, the school plant will have a normal capacity of 400. It will house not only the high school for the district but will include the junior high with the seventh and eighth grade students. This will eliminate a crowded condition at the elementary schools, he said, and will provide the district with a modern, fully equipped educational center.

Work on the structure is expected to start within the next few days so that it can be closed in by the time winter storms are due. The possibility of using the building before next year is remote.

STREAM FISHING REPORTED FAIR ON OPENING DAY

The second trout fishing season opened here last Saturday and results by the hundreds of sportsmen from near and far were reported as only fair.

Game Warden Tom Borneman said he checked only three or four limits during the opening day, most baskets showing only small catches. Tributary streams to the Truckee proved the most popular and a few good catches of small eastern brook and rainbow were reported from Martis Creek, the Little Truckee and Prosser.

John Rablin hooked a five pounder in Prosser to top the weight mark in the area. Dave Anderson snagged a two pounder from the Truckee River and added two smaller rainbow to his bag for a good day. Nate McCrary, an ardent flycaster, took four or five nice rainbows south of Truckee on flies but for the most part worms and salmon eggs were used since the streams were high and muddy with the snow runoff. Hes Cardinal and Frank Giovannoni were reported among the few catching limits.

Fishing is expected to improve as the season advances and the flow of water lessens and clears.

Solons Here to Discuss Area Fishing Problems

Following a conference with State Senator Harold Johnson and Assemblyman Francis C. Lindsay here yesterday, local sportsmen, through the Truckee Outdoor Sportsmen, are expected to take action to improve fishing conditions in the area. Johnson expressed a desire to cooperate to the fullest extent with the sportsmen in securing a survey by the Wild Life Conservation Board and the possible erection of check dams to improve local streams.

The sportsmen will meet in the near future to draft the necessary resolutions asking for the improvements.

Record Turnout Is Expected For Tuesday Voting

A record turnout of voters is expected in the Truckee, Donner Summit and Lake Tahoe precincts in the primary election next Tuesday, June 6. Indicative of the forecast is the fact that Truckee will have, in effect, three precincts instead of the usual two.

Truckee No. 1 will be in the elementary school while Truckee No. 2, located at the fire house, has been split between two boards in the same polling place.

Beside the state-wide contests, both Placer and Nevada Counties will have primary battles and in two communities in this area there are contests for justices of the peace. In Kings Beach, incumbent Clarke Allen is opposed by Harry Charrison. In Truckee and Soda Springs in Nevada County Fosten W. Wilson and Ethel T. Buell have filed for election to the vacancy being left by Justice R. N. Little.

The sheriffs in both counties face opponents. In Nevada County, Wayne Brown is again a candidate against Sheriff Richard W. Hoskins. In Placer County, Sheriff E. J. Kenison is facing a field of half a dozen or more.

The only other contest in Nevada County is between Coroner Alvah Hooper and J. Paul Bergemann of Nevada City. District Attorney C. E. Tindall in Placer County must defeat Judge Al Broyer to win re-election and Albert F. Bequette, superintendent of schools, is being contested by A. W. Ray of Roseville.

All other incumbents in both counties are unopposed for re-election, except Assessor Phil G. Scadden of Nevada County, who is retiring. His deputy, William Tamblin, is the only aspirant for the job.

On a statewide basis, it is conceded that, while there are four others in the race, Governor Earl Warren's principal opponent is James Roosevelt, Long Angeles insurance man. Lieut. Gov. Goodwin Knight must outrun a field of five others, including former Lieut. Gov. Ellis Patterson, to win re-election.

In a field of seven for attorney general, incumbent Fred N. Howser, Edmund Brown of San Francisco and Edward Shattuck of Pasadena are considered top runners.

Six candidates are after the U. S. Senate vacancy being left by Sheridan Downey's retirement. They are Manchester Boddy, Los Angeles newspaper publisher; Richard Nixon and Helen Gahagan Douglas, now members of congress; State Senator Earl Desmond, Albert Levitt and U. S. B. Meyer.

Daniel J. Higgins, Auburn attorney, is challenging Francis C. Lindsay, freshman assemblyman from this district, for the legislative post.

Three constitutional amendments are also on the ballots. No. 1 would extend the state veterans' farm and home loan bonds; No. 2 would tax exempt certain property of veterans held under the farm and home loan act; No. 3 deals with urban parking and parking meters.

Heart Attack Fatal To Tahoe City Man

The body of Ernest L. Scott, 39, who expired Sunday following a heart attack at the Veterans Hospital in Reno, is being shipped to Baltimore by the Truckee Colonial Mortuary for burial. Scott, who had been employed at Tahoe City for the past two months, is survived by his wife, Velma.

Traffic Record Clear Over Recent Holiday

VALLEJO MAN IS SUICIDE VICTIM ON SUMMIT ROAD

Apparently the victim of suicide, the body of Lennard Basil Hewetson, 54, Vallejo, was found in the rear seat of his car near Donner Summit Lodge Saturday night by Lonnie Goss, who operates a stable of horses at the resort.

Deputy Coroner N. F. Dolley said a hose attached to the exhaust of the car led into the front window. The motor had been running for several hours when the body was discovered on a side road 200 yards off Highway 40.

A note found on the body indicated domestic trouble was blamed. A second note asked that a Vallejo attorney be notified. Hewetson leaves his wife and a daughter in Vallejo.

Accused Slayers Demanded Gas At Local Home

Local Patrolmen Lauded For Quick Action In Capture

State Patrolman William Gautsche, who, with Patrolman George Schrom, effected the capture of two youthful murder suspects less than two hours after a statewide broadcast told of the slaying of two deputy sheriffs near Redding, was in Redding today to testify before the Shasta County grand jury which is expected to return an indictment against the pair.

The two suspects, James McKay, 18 year old Sacramento Indian, and Robert Sturm, 19, Oakland, were captured just east of here last Friday morning after they had abandoned the car of Deputy Sheriff Dan Heryford, 54, and Undersheriff Earl Sholes, 54, both of Redding, which they are accused of stealing after the murder of the two officers. The officers were returning the pair to a California Youth Authority camp near Redding from which they escaped two weeks ago to go to Seattle.

As they neared Redding, the boys in the back seat overpowered the two officers, took their weapons, shot and killed the officers and then drove away in the car, local officers were told.

The suspects reached Truckee early Friday morning. They inquired here about bus schedules and then drove the car to Polaris. Just as they reached the driveway into the Gale Brown home, the car ran out of gas. That was about 8:30 Friday morning.

Frightened Local Woman

McKay and Sturm walked to the Brown home where Mrs. Brown was alone preparing the children for school. They demanded gasoline. Mrs. Brown advised them she did not have any but offered to telephone to Truckee for them. They ordered her not to phone and returned to the abandoned car. Mrs. Brown told Officer Gautsche she was sure McKay was armed when he called at the house and she was frightened by their furtive manner.

When the school bus called for the children, the murder suspects slumped in the car so as not to be seen. They evidently stayed at the car or nearby until 11:30 o'clock.

At that hour Officer Gautsche, on routine patrol, saw the car and two hitchhikers near the quarantine station. He gave the matter little thought until the car radio announced the murder of the Shasta officers and broadcast a description of the car.

Gautsche immediately radioed Officer Schrom and hurriedly checked the car. See the blood stains and bullet hole, he started after the hitchhikers. Schrom arrived quickly and the two officers overtook the car in which the suspects were riding east near the twin bridges at Boca.

So surprised were the two that they offered no resistance and were taken into custody and later turned over to Shasta authorities. Sheriff Richard Hoskins aided in the local investigation.

Talked Freely Both McKay and Sturm talked freely about the affair when questioned by officers here, Gautsche said.

They told of planning the escape while in jail in Seattle. Forty miles north of Redding, after dark Thursday, the alleged pair acted upon a signal, jumped the two officers from the rear, seize their guns and the fight started. Both officers were shot to death and their bodies found at 10 a.m. Friday. The state all-points radio call was received by Gautsche a short time later and within 20 minutes after receiving it, McKay and Sturm were under arrest.

The two local officers were highly praised by superiors for the prompt and effective manner in which the arrest was handled here.

A dirty little trick was the

crossing of the spark plug wires and tampering with the motor on the truck of Bill Wiseman as he and Howard Cope fished in the icy waters of Watson Lake last Sunday. Finding the water too cold and the fish not inclined to bite, they decided early to call it a day. Upon arriving back at their transportation they found the results of the vandalism. Bill managed to get his truck under-way before dark, unhappy in the knowledge that anyone could do such an unsportsmanlike thing.

To the Voters
of Nevada County . . .

Dear Friends—

If it were not for the fact that I believed myself capable of administering the affairs of the Sheriff's office in a manner of greatest benefit—both in efficiency and law enforcement protection—to the taxpayers of Nevada County, my name would not appear on the ballot as a candidate for your consideration Tuesday, June 6th.

My aspirations are not the delusions of glory of becoming a county official. I do not regard it as a "soft job". My sole ambition is to fulfill the office of Sheriff in a manner whereby every Nevada County man, woman and child may have the assurance of a constancy of protection, courteous attention at all times and a realization that the affairs of their Sheriff's office are being operated in an alert and economic manner.

While the Sheriff does not make the laws, he DOES take the solemn oath to uphold them. I simply and sincerely promise that, if elected by your vote, all laws will be enforced, regardless of person or prestige. I am beholden to no individuals nor groups. My sole responsibility will be to the citizenry of Nevada County.

Inadequate time makes it necessary that I forego personal visits with you. Should we be strangers this letter may serve as an introduction.

I am a native of California, raised in Nevada County, received my education in the Grass Valley Public Schools. I am a veteran of World War II, married, with a family of two children, a property owner with Nevada County business interests.

Your confidence in me, expressed through your favorable ballot on Tuesday, June 6, will be highly appreciated and rewarded by fulfillment of the duties of the Sheriff's office in a manner of which you would entirely approve.

Sincerely,

WAYNE BROWN

TEA FOR THREE HONORS SERVICE TO LAKE SCHOOL

TAHOE CITY—Honoring three local citizens who have given more than twenty years service each to the Tahoe Lake School, an afternoon tea and reception was held at the Tahoe Lake School Sunday, May 28.

Mrs. Dorothy Johanson, chairman for the reception, had arranged the auditorium with beautiful flowers. Tables were colorfully supporting multi-colored cakes and many kinds of tea sandwiches. Walls of the auditorium and the school halls were

decorated with the work of students and class photographs covering the past ten to twenty years.

Honored were Mesdames Nor-thrup Pomin, M. M. Gallinger and Stella Watson.

Long-Time Trustee

Mrs. Pomin began her service indirectly in 1909 when her husband, Ernest H. Pomin, accepted the office of school trustee. After helping unofficially until the mid-twenties, Mrs. Pomin herself became a trustee. She continued in that capacity, mostly as clerk of the board, until her retirement from the office last year. The Pomin, who can recall the early

days when the school did well to keep a daily attendance of five, have rendered considerable aid otherwise to the school in the form of library donations and similar activities which have contributed to the school's development.

Of her work, Mrs. Pomin says, "This opportunity to help school children in the Tahoe City area has been one of my greatest pleasures. I am very glad to have had this chance to devote some of my time to this work."

Gives Others Praise

Mrs. Pomin added that could not say enough for Mrs. Gallinger, long-time principal of the school, and named Mrs. Gallinger as the mainstay behind the school's growth and development. Of Mrs. Watson, Mrs. Pomin points to a record of school bus driving for more than twenty years without serious accident to any passenger. "Mrs. Watson has done an exceptionally fine job, no little part of which has been the good control she has kept over the children."

25 Years Teaching

Mrs. Gallinger, who is leaving Tahoe City this summer, expressed the satisfaction that she has felt in working with the school and watching it grow for the past twenty-five years, in close cooperation with her friend and colleague, the high school principal, the late Mrs. Bliss Hinkle.

Mrs. Watson, whose splendid record is especially appreciated by those who know the roads in the area and their winter condition, and who can understand what the roads have been like in the past, modestly joined her fellow honorees in turning aside the bouquets.

Old Grads Return

Among the many guests paying their respects were two students of the old original school, which has since given way to snow pressure. Mrs. Margaret Hunkin Hanson and Harry Pomin, attended the little school in 1909. Former teacher and friend of the honorees, Mrs. James Dyer attended with her husband and two children from San Francisco.

Offering a brief gratitude speech and presenting each honoree with gift paintings from friends was Albert F. Bequette, superintendent of Placer County schools.

Son Arrives Sunday In Tahoe Family

TAHOE CITY—The Jay Shontzes of Tahoe City welcomed a new addition to their family at 7:13 a.m. Sunday, May 28, when Daniel Bro Shontz, weighing in at 8 pounds 2½ ounces was born at the Washoe Hospital in Reno. Mother and son are doing fine.

Summer at Tahoe—

Mr. and Mrs. Richard (Dick) Hinkle will spend the summer at Tahoe City, residing in the family house in Bittercourt Tract.

as Trout Creek and Martis Creek.

MONTEZUMA'S TREE

—by Roy Arthurs Jr.
Montezuma was the last ruler of the Aztecs. It is said that he had met with his chiefs more than 400 years ago. With his soothsayer, they came to a peaceful spot to talk over the sad news of the coming of the white man. This place where Montezuma met with priests was under one of the gigantic trees. This tree is now known as Montezuma's tree. It rises about 200 feet above the ground and has a trunk which measures nearly 50 feet around. This famous landmark stands in Charulpec in Mexico City.

A RECORD OF SERVICE

During my incumbency as Sheriff of Nevada County, I have endeavored to perform the duties entrusted to me to the best of my ability.

I have given 24-hour daily service and have improved the service by a number of innovations including installation of radios in all cars, a remote control station at the office, a complete and adequate file system and connection with the state teletype system, so that today your Sheriff's office is equal to, or better than, any Sheriff's office in the state.

My deputies are all thoroughly trained and efficient men.

We have improved the facilities at the Truckee Jail, which now meets the most rigid requirements for housing prisoners. It has been my purpose to give every section of the county complete police coverage with modern facilities accessible to every citizen. I am willing to stand on my record.

of the big pool was cut because the Reynolds did much of the work themselves. To date, its construction has cost \$2816.06. Because of heavy winter snows, the biggest cost was in the re-enforced concrete lining the excavation—\$1582.31.

Professionally designed and engineered, the pool is pear shaped, 18 feet wide at its widest and 52 feet long. It runs from a depth of 3 feet 10 inches to 10½ feet. Sunset cautions readers to "remember that these are 1939 costs; most materials used in the Reynolds' pool will have doubled in cost since then."

Money-Making Opportunity Seen In State Election Betting Laws

by EARL G. WATERS

SACRAMENTO —(W. N. S.)— A citizen looking for an opportunity to pick up a little extra change in connection with the forthcoming primary elections should find it easily done. For Governor Earl Warren has \$10,000 to be paid in \$100 re-

wards to persons responsible for the arrest and conviction of anyone violating Division 4 of the Elections Code.

And, for most decent, law abiding citizens, it will be a surprise to learn that a high percentage of the voters of the state violate at least one provision of that code.

That is Section 11504 which reads:

"Every person is guilty of a misdemeanor who makes, offers or accepts any bet or wager upon (a) the result of any election; (b) the success or failure of any person or candidate; (c) the number of votes to be cast either in the aggregate or for any particular candidate; (d) the vote to be cast by any person."

Informers Protected
And if one, having a peculiarly bent mind, were to solicit wagers upon the election and then report those with whom he had made the bets, he could theoretically collect the rewards with no danger of prosecution himself.

For, Section 11503 of the code provides, in part, "No prosecution can afterwards be had against such witness for any offense concerning which he testified for the prosecution."

Another Loophole
While it is unlikely that any jury would ever convict a citizen for an innocent election bet, there is one way in which the would-be bettor might make his wager in perfect safety.

That is while he is en route or returning from the polls on election day.

This "escape" appears in the language of Article 2, Section 2, of the state constitution which reads:

"Electors shall in all cases, except treason, felony, or breach of peace, be privileged from arrest on the days of election, during their attendance at such elections, going to and returning therefrom."

Howser Gives Ruling On Sanitary Question

SACRAMENTO —(W. N. S.)— Attorney General Fred N. Howser last week ruled that two or more sanitary districts in Nevada County may combine garbage disposal services through agreement between the districts.

He also ruled in the same opinion, that the districts may contract with a private individual to provide a garbage disposal service and that the district could lease its equipment to a private individual as long as services were solely within the confines of the district.

SHERIFF HOSKINS CITES PROGRESS FOR FOUR YEARS

Sheriff Richard W. Hoskins was here this week to make a last-minute call on local voters and urged them to turn out next Tuesday and cast their ballots.

Sheriff Hoskins is calling attention to the many improvements made in the sheriff's office during his four-year term. Of interest to local voters is the improvement at the local jail which has been completely remodeled and now meets all the rigid requirements for housing both men and women prisoners.

The improvements installed under Hoskins' directions replaced old and inadequate facilities which kept the jail here from being used to house state prisoners, making it necessary to transport them to the county seat without delay and at added expense.

Throughout the county, this same line of progress has been carried on. Radios have been installed in all sheriff's cars with a two-way control system at the office. The state teletype system has been added to other modern facilities at the office which is now on a par or better than any similar office in the state, Hoskins said.

He points to the thorough training received by all deputies and the efficient system of filing and modern police methods.

"I am willing to win or lose on the merits of past performance from my office," Hoskins said. "I ask you to study the records and progress made during the past four years and base your decision on the findings. If reelected, I shall continue to do my level best to keep pace with modern police work and give Nevada County the best service it is within my power to give."

PG&E Being Sued for Summit Fire Damages

The Pacific Gas and Electric Company has been named defendant in a \$5,942.22 damage suit filed in superior court by Paul and Isabel Prom. The suit was filed as a result of a fire January 28, 1949, which the Proms charge swept their summer home at Soda Springs. They charge negligence in maintenance of a power line which supplied electricity to their meter in the basement.

Value of Occupational Survey Is Rated High

An occupational survey of the Truckee area is being made by local school students and should result in some interesting and educational facts, according to Miss Thelma Finger, faculty member in charge of the survey.

A classified list of all jobs is expected to give a picture of the occupational life of the community, Miss Finger said, and will also determine the labor supply and demand in the various fields of endeavor.

From the findings of the survey, the school program can be planned to assist the youth to learn more about the community's occupations, how they may obtain part-time work or discover opportunities for full-time work in this area when they complete school.

"This information can be useful at present and in the future for it is not a study of the actual people who are employed, but of the number employed and what they do," Miss Finger explained.

STATE SUBSIDIZES LION HUNTERS, INCOME IS GOOD

by EARL G. WATERS

SACRAMENTO — (W. N. S.)—Hunters attention! How would you like to spend all your time hunting and get paid for it?

That is exactly the case for five state employees of the state division of fish and game.

Not only are they paid a monthly salary to hunt but they also receive travelling expenses and, in addition, are given a bonus everytime they bag their game.

These are the state lion hunters who are paid \$231 monthly to hunt mountain lions. And for

every male lion they bag they receive a \$50 bounty with a \$60 bounty paid for a female lion. On top of that, they can usually sell the hides for about \$40 and a smart operator can find a market for the carcass. The state requires only the ears and tail be turned in to collect the bounty.

The program has been carried on over the years chiefly for the benefit of livestock ranchers who are bothered by the predatory animals.

The bounty is offered by the state to anyone bagging a lion and state game hunters are given vigorous competition by private enterprisers. In fact, in the past five years state lion hunters have collected only 25 per cent of the total bounties paid. Last year,

Vic Vet says

VETERANS! KEEP THIS DATE IN MIND - JULY 25, 1951. IT'S ONLY 14 MONTHS AWAY, AND IT'S YOUR DEADLINE FOR STARTING A COURSE OF TRAINING UNDER THE GI BILL

For full information contact your nearest VETERANS ADMINISTRATION office

for example, bounties were paid on 202 mountain lions but the five state hunters collected only 47 of these.

Averaged out over the year, each of the five took less than one mountain lion per month. Taking into consideration that state employees receive 15 working days vacation, seven days leave for sickness and a minimum of ten holidays each year and work only a 40 hour week, the hunters managed to bag one lion each every 25 days.

In terms of figures, the state lion hunter program costs an average of \$1855 per month in return for which the state benefits by the death of four lions. This same amount pays for 37 lions bagged by private enterprisers.

For those who prefer smaller game, the state department of public health employs a crew of rodent control officers who bag squirrels and other disease carrying rodents. While these small game hunters receive no bounties they are paid a slightly higher salary (\$225 per month) and receive travel expenses.

Cubs present were briefed on the oath, the pledge, respect to the flag and on simple military formation by Mrs. Benjamin. During the meeting, the boys served soft drinks to those present.

Fourteen boys were present, including Douglas Wilson, Tom Sheehan, Rex Donaldson, Jack Shults, John Smith, Robert Huega, Kurt Alberti, Jack Mowrer, John Alberti, James Boyce, John Clancy, Robert Johnson, Darryl Stark, Randall Castle. The boys represent an area from Tahoma to Carnelian Bay, including can-

Funeral services are pending for William E. Thompson, 61, retired division of forestry official, whose body was found Tuesday in his cabin at Lake Tahoe.

Lake Tahoe Trout
Trout anglers on Lake Tahoe during the past week have been enjoying some good sport, according to the National Automobile Club. Almost every boat has been coming in with at least two fish.

When California's first public school opened in San Francisco, April 3, 1848, there were 60 school age children in the community.
